ITINERARY

DAY 1. SEGOVIA AND RIBERA DEL DUERO. Overnight in Ribera del Duero

In the morning your English speaking guide will pick you up **in Madrid** and **depart to Segovia** (Madrid – Segovia is about 1h driving). Your guide is not only a wine expert but has also a great knowledge of the region, its history and peculiarities. He or she will tell you about wine in Spain, the places you will visit and will make your trip a full immersion experience.

After 1h of driving, **you will reach the millenary town of Segovia**, declared World Heritage by UNESCO, where you will admire the two-thousand-year-old Roman Aqueduct (best preserved in the world), the astonishing castle (Alcazar), the cathedral and the old quarters.

Lunch will be in one “asador” (restaurant specialized in roasting meat) in Segovia where you can taste the famous tender suckling pig, the traditional dish in Segovia.

Continue to Ribera and arrive in time to **visit the town of Peñafiel**, and its magnificent castle from the 11th century.

Check-in at the five-star hotel selected for you, which is a converted monastery and has a wonderful SPA you can enjoy at.

SUGGESTION - Dinner is not included, but we can make reservations for you for a wine paired dinner at the exclusive Michelin star restaurant El Refectorio of Abadía Retuerta.

DAY 2. WINE TOUR IN RIBERA DEL DUERO. Overnight in Ribera

After breakfast, your English speaking guide will pick you up at the hotel to **visit two wineries in Ribera del Duero**. You will visit ***Territorio Luthier***, a small boutique winery producing very high-quality wines fermented in concrete vats, where you will have the unique opportunity to taste HISPANIA, their flagship wine aged in Spanish oak, among others.

The other winery will be a more traditional place, like ***Valsotillo***, belonging to one of the founding families of the Regulatory Council of Ribera del Duero. The owners will be very pleased to show you the beautiful caves from the 16th century that they still use to age their wines today.

*We always **select different wineries** so you get a nice contrast between them and it will give you a very good idea of the present of Ribera del Duero wine and keep the day interesting. Small producers will offer a different perspective from well-known famous wine brands, they provide more intimate and personal, giving you the opportunity to discover and taste outstanding wines. Thanks to our experience and contacts we will offer you the best possible tastings. More winery visits can be arranged.*

For **lunch you will enjoy the traditional meal from Ribera del Duero, roasted lamb in a wood-fired oven** with Ribera del Duero wines, accompanied by more local dishes all of them fully representative of the region's gastronomy.

Your lunch will also include dessert and coffee.

In the afternoon, we will visit **Aranda de Duero and the underground cellars** from the 16th century.

SUGGESTION. *If you are looking for a unique exclusive wine experience, we suggest a Vega Sicilia special VIP tasting in a specialized wine shop that has one of the best collections of Vega Sicilia in Spain. Bodega Don Carlos in Aranda de Duero is a wine collector's paradise located in an underground cellar, and here you can find all vintages of Vega Sicilia, a few vintages of Pingus, small producers from Ribera, mythical wines from Ribera, etc.*

DAY 3. BURGOS AND RIOJA. Overnight in Rioja

After breakfast, your guide will pick you up at the hotel to **start the drive to the town of Burgos (about 1h 30min) where you will visit one of the most famous Gothic cathedrals in Spain.** Begun in the 13th century it was completed in the 15th and 16th centuries. Our Lady of Burgos sums up Gothic architecture in all its beauty with a unique collection of reredos, tombs, choir, stalls, stained glass, etc. It has been also declared World Heritage monument by UNESCO.

We will have a tapas lunch around Burgos's famous Plaza Mayor.

In our way to Rioja you will visit the Culture of Wine Museum, Dinastía Vivanco. This impressive Wine Culture Museum is situated in the heart of the vineyards adjacent to their Bodega in Briones, a unique and historic location in the Rioja Alta, on the outskirts of Sierra Cantabria. Even a short visit is worth it for any wine lover since it is considered one of the best wine museums in the world.

Check in at your selected hotel and dinner on your own.

DAY 4. WINE TOUR IN RIOJA. Overnight in Rioja

After breakfast, your guide will pick you up at your hotel to start another wine tasting day, today in Rioja.

Visit two wineries before lunch. We will arrange a visit to one of the traditional centenary wineries of Rioja like Muga followed by a walk in the winery quarter in Haro. The tradition of Rioja is very well represented by these centenary wineries, which keep in their libraries bottles from the time of their founders. The other will be a small family winery producing very high quality updated style wines like **Amaren** where you can have a barrel tasting.

A **traditional Riojan lunch** will give you more opportunities to taste the wonderful Rioja wines. You will have lunch in a winery or in a traditional restaurant. Typical Riojan dishes are potatoes or bean soup with chorizo (paprika sausage) and roasted lamb chops where “sarmientos” (dry grapevine branches) are used to roast the meat giving it a unique and delicious flavour, meat stew cooked with wine, cod with peppers and tomatoes and many more.

Visit to the medieval walled village of Laguardia (13th century), capital of La Rioja Alavesa. Under the stone-paved streets and homes of Laguardia, it is full of old subterranean bodegas, and over them, there are many historic monuments and sites, like the Gothic facade of “Santa Maria de los Reyes” church.

Dinner on your own.

DAY 5. WINE AND ARCHITECTURE IN RIOJA. Overnight in Rioja

After breakfast, your guide will pick you up at your hotel to start another wine tasting day in Rioja and continue the discovery of Rioja wines.

Today we will visit a family-owned high-end boutique winery: **Remirez de Ganuza**. The winery is in the centre of Samaniego, Álava. Surrounded by a hamlet of rambling old buildings, the winery comprises modern concrete buildings covered with original old brickwork in keeping with the traditional architecture of the local area. Continue with one of the modern wineries in Rioja designed by famous architects, where wine is made using the most advanced technologies, like **Baigorri**, **Ysios**, **Campo Viejo** or **Murua**, that host a wonderful art collection.

After lunch we will visit the town of Logroño. Dinner is on your own, we will recommend you to have tapas in the famous Laurel street.

DAY 6. RIOJA, RIBERA DEL DUERO and back to Madrid.

After checking out of your hotel the guide will pick you up to visit another winery in Rioja.

Continue to Ribera and stop in **Portia** for lunch, the impressive winery designed by the British architect Sir Norman Foster. A spectacular architectural project; a symbol of modernity and the future. A three-pointed star in the heart of Ribera del Duero.
